Visit by mission partners

A FINCHAMPSTEAD church has welcomed its mission partners in a special visit.

Kailean and Kim Khongsai, from Southall, were accompanied by their young daughter Limmy.

They are part of the Church Mission Society (CMS), and work on a project called A Rocha, an environmental and conservation movement based in Southall.

In their first visit to the church, Mr Khongsai spoke to parishioners about the couple's role as CMS mission partners, and gave details of their work.

The couple enjoyed services at St Mary and St John Church, Finchampstead, where they met the Rev Julie Ramsbottom.

They also got to meet and socialise with parishioners at a bring-and-share lunch, held in St James's Church Centre, on Sunday, March 2.
